C-10 AND C-20 CANAL GATES ORDERING GUIDE

OVERVIEW

Optional limit nut controls opening. Choose standard or tamper proof.

- Frame height chart shows minimum. Order custom length required, if needed. Additional charge per foot.
- Select diameter. Choose round or optional square cover. (Square on C-10 only)

Choose painted or galvanized frame.

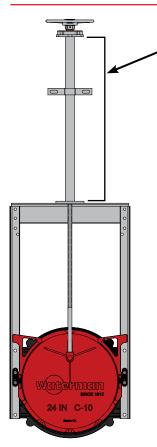

MOUNTING OPTIONS

Flat back for flush mount to wall

Spigot options to fit corrugated, plastic pipe and concrete pipe, see chart on page 6 for details.

SPECIALTY OPTIONS

RISING STEM EXTENSION

Allows handwheel to be higher than overall frame.

Variable height as required.

Can be less expensive than full height / full frame gate.

NON-RISING STEM

Commonly used in areas with minimal overhead clearance, prevents gate stern from extending above the handwheel/ op nut when in open position.

Waterman is the only manufacturer to stand behind its canal gates (models C-10 and C-20) with a limited lifetime warranty. This warranty applies to units manufactured after January 1, 2016.
